### PRESIDENT'S REPORT

**W**HEN we look back on what the Gallery has accomplished during the past year, we may well feel proud of the results obtained through the unselfish efforts of our committees, staff and friends.

Despite the troublesome times which have affected nearly all public and private enterprises, the influence of the Gallery has been extended in a very gratifying way. The attendance for the year, 144,868, shows an increase of 20,632 over the previous year, indicating a greater use of the privileges of the Gallery and a healthy growth of interest by the general public.

The increasing activity of the membership department has borne fruit in an increased membership of 379. This is exceptionally good work in the face of numerous resignations caused by the financial stress of the times through which we are passing. It is with sincere regret that we see these names, many of long-standing as members, being taken off our rolls, and we hope that with the return of more prosperous days, many will again join in our activities.

The educational work undertaken has also shown distinct progress. There has been a larger enrolment in the Saturday morning class and a regular attendance of school children throughout the year. The total number of children coming to us in 1931 was 37,525.

Valuable work has been done outside the Gallery in the schools, not only in Toronto, but in other points in the province, by the sending out of lecturers, the providing of lantern slides and with travelling loan exhibitions. A number of interesting and instructive lectures and musical evenings for adults were arranged and carried out, at which the attendance of members and others has been uniformly good.

The exhibitions held during 1931 were of diversified appeal, giving our visitors an opportunity of viewing a variety of different schools and offering a comparison of the modern movement in art

for the art knowledge of the younger generation.

with the academic and traditional painting of other countries as well as our own. From the point of view of attendance the most popular exhibition was in January when the Italian old masters pictures were on view and 23,746 people visited the Gallery. The exhibitions of February and March were also popular, the total attendance for the first three months being 68,284, a remarkably good figure.

The financial statement will be dealt with in detail by the Chairman of the Finance Committee. It will also be published in the Annual Report, which will shortly be issued and sent to all members.

Realizing the importance of continually adding to our collection of pictures, it is cause for some disappointment to learn of the very meagre number of acquisitions in the past twelve months.

Perhaps the generous gifts of previous years have led us to expect and hope too much, but it is with very sincere appreciation that the Gallery receives donations that enable it to round out examples of various schools, periods and art movements for the benefit of visitors and the educational value to our school children.

It is a pleasure to record the purchase, with the generous assistance of the Ontario Government, of the entire collection of paintings of Canadian Wild Flowers, by Robert Holmes, a unique record in themselves and of inestimable value for educational purposes.

There are other things besides pictures needed to materialize our vision for a future of greater things, such as additional galleries, class rooms, etc., and it is to be hoped that means will be found in the near future to enable us to extend the scope of our useful work.

We wish to express our appreciation of the interest shown by the Mayor and Council in the work of the Gallery and to put on record our thanks to the Commissioner of Parks for the excellent condition in which the grounds have been kept.

Last but not least, we have to thank the Chairmen and members of the Committees, which we do most sincerely, realizing that in their knowledge of work splendidly done lies their greatest reward.

I shall now call on the Chairmen of the several Committees to read more detailed reports of their individual activities.

#### EXHIBITION COMMITTEE REPORT

The exhibitions of the year have been extremely varied and well illustrate the policy of the committee to have something during the year for every taste. Starting in January with the Exhibition of Italian Old Masters and German Primitives. This perhaps the most popular exhibition of the year.

FEBRUARY—The Architectural Exhibition filled most of the galleries. It too was very successful reflecting great credit on the

IN THE PRINT ROOM.

somewhat crowded quarters but cannot curtail the enthusiasm.

Committee of arrangement who spared no effort to develop the show character of the exhibition. During the same month a collection of sculpture by Isamu Noguchi and Chana Orloff filled the Sculpture Court.

MARCH—The Ontario Society of Artists Exhibition occupied five galleries during March. This is always a popular exhibition; in fact it is worthy of note that the attendance for the first three months of the year exceeded 68,000 visitors.

APRIL—In April a one-man exhibition of Sigurd Skou, The Graphic Art, The Society of Canadian Painter Etchers and the Toronto Camera Club formed the programme.

MAY—An Exhibition of Contemporary British Water Colours, Wood Engravings by Clare Leighton and Arctic Sketches by A. Y. Jackson and Lawren Harris occupied most of the galleries in May.

JUNE—Our season of programmes this year extended into June, when we had an exhibition of British and Foreign Posters and Canadian Book Illustrations.

During the summer as usual our Permanent Collection occupied the walls; but in an effort to stimulate attendance during the Canadian National Exhibition we had two galleries filled with Modern Austrian Paintings.

OCTOBER—The October programme consisted of paintings by Maurice Prendergast, Contemporary Polish Prints and the Fifth Annual Exhibition of Canadian Painters in Water Colour.

NOVEMBER—In November we had an Exhibition of Artist Portraits by Themselves and their Friends, and Little Pictures by Members of the Ontario Society of Artists.

DECEMBER—Seascapes and Water Fronts by Contemporary Artists and an Exhibition by the Group of Seven ended the year's activity.

It is perhaps permissible to record that the print room had a constantly changing exhibition from our permanent collection of etchings, wood block prints and reproductions.

### ATTENDANCE

The attendance for the year was 144,868, an increase of 20,632 over the attendance for the preceding year. The number of school children who attended the Gallery was 37,525. The record by months is as follows:

## EDUCATIONAL REPORT—1931

The Educational work during the year 1931 has proved its value in child and adult education in the appreciation of Art. The Art Gallery during the past year has substantiated many of the innovations of 1930 and inaugurated several new activities.

There is a limit to what can be accomplished with limited facilities in staff and finance but it may be said that no other Art Gallery on this continent has attempted so much in the encouragement of the appreciation of the Fine Arts.

These various activities are beginning to attract the attention of other Art Galleries and educational institutions. Only a brief summary of them is necessary as each monthly bulletin and press advertisement during the year has carried an account of the details.

## DAILY VISITS OF SCHOOL CHILDREN

This regular daily feature arranged in co-operation with the Toronto Board of Education has been in operation since February, 1930, and the interest and attendance is very active. Miss Margaret Wilson is in charge of these daily visits and more than 21,000 children came to the Art Gallery in 1931 by this plan alone.

In addition, illustrated story hours have been given by Miss Wilson outside the usual class hours. These innovations have been a distinct success.

EDUCATION FOR PUBLIC SCHOOL CHILDREN.

collection of paintings of Canadian wild flowers.

### SATURDAY MORNING CLASSES FOR "TALENTED" CHILDREN

This popular class is becoming so well known that mere figures are unnecessary to prove its interest and value to the public; interest so valuable to the development of an Art Gallery. At the end of the year 1930-31, 400 children were enrolled and at the beginning of the session 1931-32 in October, more than 600 were enrolled. The student staff has been enlarged to meet the organization necessary to handle a larger number. This enrolment is only a very small proportion of the many children who seek admission. In the past year about twenty-two were given junior scholarships by the Ontario College of Art. Exhibitions of the work have been held in many schools in the province and city. Miss Grace Johnston has admirably carried on her work with the younger children.

### SUMMER WORK, WITH SPECIAL CLASSES FROM SETTLEMENT HOUSES AND THE PLAYGROUND ASSOCIATION

During the months of July and August, special classes were held three days each week for children of the winter session who wished to continue, and by special arrangement with the Playground Association, groups of children were brought to the Art Gallery for instruction. Children from the University Settlement, St. Christopher's and Neighborhood House were also cared for in this way. Miss McCullough supervised this work.

### LECTURES AND STUDY GROUPS FOR MEMBERS, TEACHERS AND OTHERS

There is a study group for members every Thursday morning as well as University Extension Classes in Art Appreciation, classes from private schools, Library staffs, Teachers' Associations, Travel Clubs, various women's clubs, School of Missions, Library Association, Association of Art Teachers, Normal School Teachers, Technical Schools, Art student groups and students from the various Colleges of the University, all these are on the regular programme of educational effort. In addition, special classes have been given for Philosophy students of University College and a series of lectures on Art Appreciation at Hart House.

### FRIDAY AFTERNOON GALLERY TALKS

The Gallery is indebted to various individuals who gave their services at special afternoon Gallery talks among whom were members of the Royal Canadian Academy and the Ontario Society of Artists.

A special series of six lectures on "Great Periods in Art" was arranged and given during March and April.

The Gallery gratefully acknowledges the co-operation of the Department of Extension, University of Toronto in giving support and publicity to these lectures.

More than one hundred and fifty lectures were given in the Art Gallery by the Educational Supervisor and staff and not less than fifty lectures in various institutions and schools outside the Gallery.

### LOAN EXHIBITIONS

The activity in this respect has continually increased. More than forty loans having gone out to public and private schools, various women's clubs, Hart House, etc.

The Educational staff has had many requests throughout the year for advice in selection of pictures for schools and other matters concerning art appreciation for societies and schools.

### LANTERN SLIDES

Loans of lantern slides from the Art Gallery's collection have been in constant demand.

The total attendance during the year 1931, due to educational effort, was 45,852 approximately, being made up of children's classes, afternoon and evening lectures, etc., which is proof that the Art Gallery is becoming more of a community centre for the city and is an indication to members and public of its value and service.

To old and new members, and to prospective members, the educational facilities of the Art Gallery alone offer privileges of entertainment and instruction for members and their friends and to members' children. In addition to the many social occasions, the opportunity of seeing new exhibitions of varied forms of art expression from many countries, members are assured that they are supporting educational activities of real value to the children and to the future welfare of the city of Toronto.

The Educational Committee, of which I am Chairman, has constantly met each month, fully realizing the importance of this side of the work of the Art Gallery, and would like to express their appreciation of the continued good work done by Mr. Lismer, Educational Supervisor, and his staff during the past year, and I can assure you it has been a pleasure for me to do my part with the loyal support they have given in the Gallery's interest.
